Sulphur Body &
Face Wash Gel

WHY

SULPHUR BODY & FACE WASH GEL?

SULFUR % 3

Due to the benzoyl in its content, it creates an alkaline reaction after contacting the skin, that balance and lubricate the skin. It has bacteriostatic properties that prevents the formation and reproduction of bacteria which naturally purifies the skin surface.

ZINC PCA

It prevents the formation of acne, It has effective on burns and scars, It gives shine and glows to the skin and It provides a healing effect.

ALLANTOIN

Moisturizes and softens the skin. Balances moisture in the skin.

TEA TREE %1

It has anti-bacterial and anti-viral properties, that removes viruses and bacteria from the body, Prevents acne and pimple formation, Gently prevents irritation in case of scabies and accelerates the healing process.

USAGE INFORMATION:

Apply to damp skin in the bath by foaming. Rinse thoroughly after massaging.

200 ml e

Sulphur Body Lotion

WHY SULPHUR BODY LOTION?

SULFUR % 3- Due to the benzoyl in its content, it creates an alkaline reaction after contacting the skin. The 3% Sulfur used in the treatment of skin diseases and infections that cause itching, such as eczema and scabies. It also shows successful effects on the recovery of rosacea, which is known as "rose disease". It helps cure the eczema by neutralizing.

LAVENDULA ANGUSTIFOLIA- Suitable for all skin types, dry, sensitive and oily. It nourishes and relaxes the skin.

SWEET ALMOND - It balances the oil of the skin, it has moisturizing and nourishing properties for the skin due to vitamins A, B and E. It also helps in wounds healing.

SHEA BUTTER- It nourishes the irritated, red, sensitive and chapped skin, It helps in eczema and itching problems of the skin, Due to vitamin A, it helps in preventing acne and pimple formations.

USAGE INFORMATION:

You can use it once a day, by applying it to the whole body, on dry skin it is recommended to apply twice a day.

100 ml e

TREATMENT OF ACNE, SCABIES, DERMATITIS

Sulphur Body Cream

WHY SULPHUR BODY CREAM?

SULFUR % 3

Due to the benzoyl in its content, it creates an alkaline reaction after contacting the skin, that balance and lubricate the skin. It has bacteriostatic properties that prevents the formation and reproduction of bacteria which naturally purifies the skin surface.

TEA TREE %

It has anti-bacterial and anti-viral properties, that removes viruses and bacteria from the body, Prevents acne and pimple formation, Gently prevents irritation in case of scabies and accelerates the healing process. It soothes the skin in itchy skin disorders and it helps to repair the skin.

KAOLIN

It has antioxidant properties. Balances sebum production and prevents excessive oiliness and dryness on the skin. It accelerates the blood circulation in the skin, Repairs damaged skin.

USAGE INFORMATION:

You can use it once a day, by applying it to the whole body, on dry skin it is recommended to apply twice a day.

150 ml e

TREATMENT OF ACNE, SCABIES, DERMATITIS

”
Eyebrow Wax

WHY EYEBROW WAX ?

Dermavia Eyebrow Shaping Wax, effortlessly shapes and sets your eyebrows, providing long-lasting hold throughout the day. Colorless for a natural and full look, it nourishes your eyebrows, helping to prevent eyebrow loss and dryness.

USAGE INFORMATION:

Rub the tip of your eyebrow brush in Dermavia eyebrow wax and brush it in the desired direction. Suitable for daily use.

50 ml e

“

Emollient Cream
Cream for Dry and Sensitive Skin

WHY EMOLLIENT CREAM?

SHEA BUTTER - It nourishes the irritated, red, sensitive and chapped skin, It helps in eczema and itching problems of the skin, Due to vitamin A.

HELIANTHUS ANNUUS SEED OIL -It contains high phytosterol, It is well absorbed by the skin, it strengthens the skin's barrier properties, it protects the skin against water loss. Due to vitamin E, sesamol, linoleic acid, and oleic acid repair the dried, cracked, and worn skin.

OENOTHERA BIENNIS OIL- It is a light oil which rich in linoleic acid and gamma-linoleic acid, It soothes the skin It is easily absorbed by the skin's natural lipid film, Strengthens the skin's barrier property, It protects the skin against water and moisture loss. It repairs the dryness-related damages on sensitive and dry skin.

SQUALANE-This substance, which needs a hydrogen atom: As soon as it passes from the skin to the body, it takes the hydrogen from the water in the body and releases the oxygen atom, As in ozone therapy, it increases the oxygen in the body and prevents high acidity. It plays a major role in cell regeneration and keeping the skin alive, It is also regenerates, repairs and balances the skin.

USAGE INFORMATION:

Suitable for all skin types. Apply by rubbing into the desired region as needed. Easy to use, quickly absorbed by the skin, does not leave a fatty film layer.

100 ml e

Care Cream For Dark Spot

WHY CARE CREAM FOR DARK SPOT?

ALPHA-ARBUTIN

Equalizes skin tone, Provides repair for skin that is concerned about hyperpigmentation, brown spots and sun damage on the skin, It makes the skin clean and bright.

L-ASCORBIC ACID (VITAMIN C)

It prevents the formation of acne, It has effective on burns and scars, It gives shine and glow to the skin, It provides a healing effect.

LACTIC ACID

It cleans dead cells and opens pores, it provides natural peeling.

PANTHENOL

Strengthening the skin barrier traps moisture in the skin. It is a skin-friendly nutrient.

USAGE INFORMATION:

Apply daily by massaging on damp skin regularly.

50 ml e

DARK SPOT AND WHITENING CREAM

Cream For Sensitive Skin

WHY CREAM FOR SENSITIVE SKIN?

PANTHENOL

Strengthening the skin barrier traps moisture in the skin. It is a skin-friendly nutrient.

SHEA BUTTER

It nourishes the irritated, red, sensitive and chapped skin. It helps in eczema and itching problems of the skin. Due to vitamin A, it helps in preventing acne and pimple formations.

USAGE INFORMATION:

It can be applied to cleansed face and neck once or twice a day.

100 ml e

TREATMENT OF ACNE, SCABIES, DERMATITIS

Face Cleansing Gel
Suitable For All Skin Types

WHY FACE CLEANSING GEL?

ZINC PCA- It prevents the formation of acne. It has effective on burns and scars. It gives shine and glows to the skin and provides a healing effect.

30 ml e

FOR OILY, COMBINATION AND ACNE PRONE SKIN

“

Brightening Anti-Blemish
Vitamin C Serum

WHY VITAMIN C SERUM ?

SODIUM HYALURONATE

Sodium hyaluronate is the salt of hyaluronic acid. While moisturizing the skin very well, it helps to prevent or delay wrinkles that occur with age. A sodium hyaluronate molecule can hold 20 times its own weight in water.

PANTHENOL

Panthenol is an alcohol derivative of pantothenic acid, a component of B complex vitamins and is an essential component of healthy epithelium. Dexpanthenol, the active form of panthenol, is enzymatically broken down to form pantothenic acid (Vitamin B5), an essential component of Coenzyme A that acts as a cofactor in many enzymatic reactions important for protein metabolism in the epithelium.

USAGE INFORMATION:

After daily cleansing, apply a few drops of serum to your face twice a day until absorbed. Regular use is recommended for better results.

30 ml e

Anti Wrinkle Serum

WHY KOLAJEN+ OMEGA 3 SERUM?

COLLAGEN

It is the most abundant protein in the body and makes up one-third of all body proteins. Collagen, a very important component of connective tissue, holds the tissues together like glue.

HYALURONIC ACID

Structurally, it is known to have a water retention feature of about a thousand times itself. Thanks to this feature, it has an important place in the healthy movement of muscles and bones. At the same time, the decrease in hyaluronic acid in the structure of the skin, which is the largest organ of our body, can cause skin dryness and wrinkles.

OMEGA 3

It is shown to help protect cardiovascular health, prevent weakening of bones, and be effective against depression and anxiety. In addition, omega 3 is very important for babies in the womb and children in developmental age.

USAGE INFORMATION:

It is applied to the face area. You can apply it morning / evening to clean skin by massaging with circular movements.

30 ml e

ANTI WRINKLE SERUM

Intense Moisturizing
Revitalizing Serum

WHY HYALURONIC ACID + PROPOLIS SERUM

HYALURONIC ACID

Structurally, it is known to have a water retention feature of about a thousand times itself. Thanks to this feature, it has an important place in the healthy movement of muscles and bones. At the same time, the decrease in hyaluronic acid in the structure of the skin, which is the largest organ of our body, can cause skin dryness and wrinkles.

VITAMIN B5

It takes part in the normal synthesis and metabolism of steroid hormones, vitamin D and some nerve impulses. It helps to reduce fatigue and exhaustion by taking part in the body's normal energy metabolism.

PROPOLIS EXTRACT

The ethanol extract in propolis (the process of separating their beneficial components and making them ready for consumption) helps to strengthen the immune system.

USAGE INFORMATION:

It should be applied to clean skin twice a day with circular movements. It is suitable for all skin types.

30 ml e

Repairing, Nourishing & Replenishing
Retinol Serum

WHY RETINOL SERUM?

RETINOL

Retinol is a derivative of vitamin A. It is a form of skin care used to help the skin to be younger, healthier and smoother. Retinol helps cells to be firmer and more elastic by increasing collagen production.

HYALURONIC ACID

Structurally, it is known to have a water retention feature of about a thousand times itself. Thanks to this feature, it has an important place in the healthy movement of muscles and bones. At the same time, the decrease in hyaluronic acid in the structure of the skin, which is the largest organ of our body, can cause skin dryness and wrinkles.

USAGE INFORMATION:

After cleansing your skin, apply 1-2 drops of the product on your face and neck in a thin layer by massaging with circular movements during the night routine.

30 ml e

SUN CREAM SPF 50 +
Sensitive Skin

WHY SUNSCREEN CREAM SPF 50 +?

GRAPESEED OIL- Balances the moisture rate by nourishing the skin, Protects the skin against sun and environmental factors, Provides relief from skin irritations, Provides equalization of skin tone.

PANTHENOL- Strengthens the skin barrier, traps moisture, nourishes the skin, It is a skin-friendly nutrient.

BISABOLOL- It accelerates the healing of the skin, It is anti-irritant and anti-inflammatory. It has anti-bacterial and anti-mycotic properties, It stops the activity of acne and pimples, Calms the skin Protects the skin against UV rays.

CHAMOMILLE FLOWER EXTRACT- It has healing properties. It is antioxidant-effective. It has a soothing effect on the skin and has antiseptic properties. It moisturizes the skin thanks to its emollient feature.

USAGE INFORMATION:

Apply 15 minutes before getting under the sun. It is recommended to apply sun protection products every 3-4 hours. Re-apply after swimming, excessive sweating and drying.

100 ml e

WHY KIDS SUNSCREEN CREAM SPF 50 +?

SODIUM HYALURONATE- It prevents skin aging. Used to prevent acne scars on the skin. It is effective in repairing tissues and maintaining their elasticity. It helps to form and maintain collagen fibers. It has a healing effect on irritated and inflamed skin. Contributes to cell regeneration and repair.

JOJOBA - Prevents moisture loss in the skin, It has anti-microbial properties and antioxidant effects. It protects the skin against bacteria.

ARGAN OIL - Softens the skin, Moisturizes and protects against drying. Provides nutrition to the skin and cell regeneration.

E VITAMIN - Provides lightening of skin tone, reduces UV damage. Due to its antioxidant feature, it prevents the formation of comedones. Neutralizes sebum oxidation and maintains moisture in the skin.

USAGE INFORMATION:

Apply 15 minutes before getting under the sun. It is recommended to apply sun protection products every 3-4 hours.

Kids Sun Cream Spf 50

SPECIAL FOR KIDS - WATER RESISTANT

Skin Tone-Up Cream

WHY VIACOLOR PIGMENT CORRECT?

NIACINAMIDE

Niacinamide is a form of vitamin B3 (niacin), a water-soluble vitamin. It is used in cosmetics and personal care products due to its nourishing and emollient effects.

SQUALANE

Squalane is an emollient that helps prevent moisture loss and restores skin elasticity. It is also a source of beneficial fatty acids that regenerate the skin. One unique aspect of squalene is that it is a modified form of squalene, one of the key components in sebum (oil). This makes squalene a biocompatible component. It can be obtained enzymatically from vegetable sources such as olive, wheat bran and rice bran, from animal sources or from *Saccharomyces cerevisiae* (a type of yeast).

SODIUM HYALURONATE

It is the salt of hyaluronic acid. While moisturizing the skin very well, it helps to prevent or delay wrinkles that occur with age. A sodium hyaluronate molecule can hold 20 times its own weight in water.

USAGE INFORMATION: It can be applied directly on clean skin or on a moisturizer. Two coats can be applied to increase the concealer effect.

50 ml e

Apricort Kernel Peeling

NEDEN APRICOT KERNEL PEELING ?

KERNEL OIL

It is an emollient fixed oil derived from the benefits of apricot fruit. Contains nutritious fatty acids such as vitamin E, oleic and linoleic acid. It is a good moisturizer. It is especially suitable for dry skin and is easily absorbed by the skin.

USAGE INFORMATION:

You can use it once a day, by applying it to the whole body, on dry skin it is recommended to apply twice a day.

150 ml e

INTENSIVE CLEANSING, HEALTHY RADIANCE

Ultra moisturizing and
nourishing care cream

WHY ATOVIA?

ALOE BARBADENSIS LEAF JUICE

It keeps the skin in good condition by moisturizing it. It improves the appearance of dry or damaged skin by restoring skin elasticity. It helps the production of collagen for the scalp. It delays hair loss. It is anti-inflammatory (common name for substances that reduce inflammation and edema) and has antimicrobial effects. It shows therapeutic properties in gingivitis. It helps the wounds to heal early and the skin to recover quickly. BUTYROSPERMUM PARKII BUTTER Butyrospermum Parkii Butter is a substance derived from the African nut tree, more commonly known as "shea butter". This substance is widely used in the skin care and cosmetic industries. Shea butter contains plenty of vitamins A, E and F, anti-oxidants, minerals and natural oils.

PANTHENOL

Panthenol is an alcohol derivative of pantothenic acid, a component of B complex vitamins and is an essential component of healthy epithelium. Dexpanthenol, the active form of panthenol, is enzymatically broken down to form pantothenic acid (Vitamin B5), an essential component of Coenzyme A that acts as a cofactor in many enzymatic reactions important for protein metabolism in the epithelium.

ALLANTOIN

Allantoin, which can be obtained from plant sources such as comfrey grass, sugar beet, and wheat, can also be synthesized in the laboratory environment. It has healing, regenerating and soothing properties. It moisturizes the skin and helps to gently remove dead cells, accelerating the formation of new cells. It is an ideal ingredient especially for dry and irritated skin.

STRENGTHENS THE SKIN BARRIER

USAGE INFORMATION:

Apply to your skin in a thin layer twice a day, in the morning and in the evening, with circular motion. Regular use is recommended.

**Ultra moisturizing &
nourishing care cream**

400 ml e

STRENGTHENS THE SKIN BARRIER

Moisturizing Base Cream

WHY BASE CREAM ?

SHEA OIL - Softens and softens skin. /Keeps skin in good condition

PANTHENOL - Panthenol is an alcohol derivative of pantothenic acid, which is part of the B-complex vitamins and is an essential component of healthy epithelium. Dexpanthenol, the active formula of panthenol, is enzymatically degraded to form pantothenic acid (Vitamin B5), an essential component of Coenzyme A, which acts as a cofactor in many enzymatic reactions important for protein metabolism in the epithelium. UREA-It reduces moisture loss in a cosmetic product. In skin care, it acts as water enrichment and moisturizing of the epidermis. It is an important efficiency that helps the skin retain water and keep it plump, elastic and hydrated. It will sound like a mild keratolytic agent, thus it also ensures the removal of dead vacuum cleaners.

GLYCERINE - Glycerin, also known as glycerol, is a natural liquid derive from vegetable or animal oils. It is a clear, colorless, odorless and viscous liquid with a sweet taste. It is used to help draw moisture to the skin.

HYALURONIC ACID - While protecting the skin very well it helps to prevent or delay the transitions that occur with age. It can hold more water than its own weight.

USAGE INFORMATION:

Apply once or twice a day in the morning and evening on the face, neck or body areas.

150 ml e

Rozex Plus

Lorem ipsum

WHY ROZEX PLUS?

AZELAIC ACID -Like AHAs in cosmetic products, it is used to exfoliate the upper layers of the peel. It removes dead skin from the skin, prevents clogging of discharges and evens out skin tone by targeting brown spots. It is used by people who are prone to acne, rosacea formation and hyperpigmentation due to its antibacterial properties.

TEA TREE OIL-Tea tree extract is an essential oil with a natural antimicrobial effect. Provisions that stand out with their anti-acne feature by preventing the features that cause acne formation. It is also widely used with its cleansing, soothing and antiseptic properties.

HYALURONIC ACID-While protecting the skin very well, it helps to prevent or delay the transitions that occur with age. It can hold more water than its own weight.

SULFUR-Sulfur is found in all living tissues. It is the third most abundant mineral in the human body. Sulfur is known to be anti-bacterial against acne-causing bacteria. It also helps support their extension and propagation. This is also known to help treat skin conditions like seborrheic dermatitis or acne.

USAGE INFORMATION:

You can use it once a day, by applying it to the whole body, on dry skin it is recommended to apply twice a day.

ROZEX PLUS

“ Anti hair Loss Shampoo

WHY ANTI HAIR LOSS SHAMPOO ?

PROCOPIL %3

The transformation of testosterone into DHT by the alpha-5 reductase enzyme is the main reason for hair loss. DHT has a negative effect on the hair follicles and prevents it from gaining nutrition which leads to hair loss. After serial hair loss alopecia occurs. Procopil stops hair loss by binding to the hair follicles, helps the hair follicles to gain healthy nutrition, and ensures healthy growth of the hair.

CAFFEIN

It prevents hair loss. It increases blood circulation by penetrating the hair pores. It is the most effective active ingredient in genetic hair loss and hair loss problems associated with testosterone hormone. It increases the blood flow inside the hair follicle and helps the hair to grow fast. It supports the production of ATP (biological cell energy), and it helps in the transformation of the lint into the hair.

BIOTIN

It helps in the formation and damage regeneration of hair cell tissues and also supports the production of the basic protein keratin.

SAW PALMETTO

It slows down hair loss by inhibiting the 5-alpha reductase enzyme which leads to reduces the transformation of testosterone into DHT and helps the hair in regrow.

USAGE INFORMATION:

Apply your wet hair by massaging gently, wait for a minute and rinse thoroughly. Can be use daily or every other day. Should be used regularly to get effective results.

300 ml e

Anti Hair Loss Spray

WHY ANTI HAIR LOSS SPRAY?

DERMATOLOGİK LABORATUVAR
DERMATOLOGİK LABORATUVAR

Food Supplement Hair, Nail & Skin

WHY HAIR, NAIL & SKIN ?

ZINC

Zinc prevents the formation of acne and helps to remove the scars of burns and surgery, it prevents premature aging of the skin and also makes the skin look more lively by giving shine and radiance. At the same time, by playing an important role in the production of collagen in the skin; tightens the skin, gives it elasticity, and makes it look younger.

SELENIUM

It is a mineral with antioxidant properties and makes the skin look tight and protected against free radicals. Selenium is able to stop free radical damage before premature wrinkles have a chance to form. It also helps protect cell membranes against UV damage, inflammation and pigmentation.

FOLIC ACID

Folic acid, another sub-branch of vitamin B, helps for a healthy and quality skin appearance. Folic Acid is a powerful antioxidant, also increases collagen synthesis, provides elasticity to the skin, and supports cell regeneration.

USAGE INFORMATION:

For adults over 11 years old, it is recommended to consume 1 capsule (2 capsules per day) in the morning and evening.

Nourishing and Repairing Nail Care Serum

WHY VIA-N NAIL CARE SERUM ?

LAVANDULA ANGUSTIFOLIA HERB OIL

It is the oil produced. It is used in perfumery due to its pleasant smell. It promotes relaxation and can be used for conditions such as anxiety, fungal infections, allergies and insomnia. It also has antibacterial activity.

PRUNUS AMYGDALUS DULCIS OIL

It is a moisturizing plant oil obtained from Sweet Almond. Similar to other vegetable oils, it is loaded with fatty acids that nourish the skin (oleic acid - 55-86% and linoleic acid 7-35%) and has a high content of antioxidant vitamin E and vitamin B. It is an essential oil in cosmetics and is frequently used due to its softening and moisturizing properties. In addition, its use is not limited to the skin but is also used in dry and brittle nails and hair care.

OLEA EUROPAEA FRUIT OIL

It is the fixed oil obtained from olive tree fruits by cold pressing method. It contains essential fatty acids that meet dry skin needs, including oleic, palmitic and linoleic acids. It also contains phenolic compounds that provide antioxidant benefits. Squalene, which is found in the natural structure of our skin, is also contained in olive oil. This ingredient is especially useful for dry skin.

USAGE INFORMATION:

Apply the appropriate amount of serum to the clean nail surface with circular movements on the nail surface and cuticles. It is recommended to use once a day and at night.

10 ml e

Hand Washing Soap

WHY VIASOAP?

OENOTHERA BIENNIS OIL

It is the fixed oil obtained from the seeds of the Oenothera biennis plant by cold pressing method. The fatty acids it contains have significant skin soothing and softening benefits.

AVENA SATIVA SEED OIL

Oat seed oil is a golden lipid derived from oats that has incredible moisturizing and healing properties and a non-greasy finish. Oat oil has also been shown to be effective in treating a variety of skin conditions, such as skin rashes, erythema, burns, itching, and eczema, thanks to its anti-inflammatory properties.

USAGE INFORMATION:

Take a sufficient amount of the product on your hands wet with water. Lather and rinse your hands by rubbing for at least 20 seconds.

WHY PRO-INTIM SPRAY?

ALLANTOIN- Allantoin has the feature of increasing the water holding capacity of cells. Unlike moisturizing the skin, it keeps the water in the skin for a longer time, thus making the skin look younger and brighter.

PROPOLIS- Propolis is a natural product that can be used by adults and children to strengthen the immune system and it is Known to help destroy harmful viruses and bacteria, it is Known to be effective against fungi, propolis can also be used as an antioxidants.

BISABOLOL- Chamomile has been used in medical applications for centuries, and the bisabolol it contains naturally accelerates the healing of the skin. Bisabolol is known for its anti-irritant and anti-inflammatory properties, as well as its anti-bacterial and anti-mycotic properties.

LACTIC ACID- These acids, which have a natural exfoliating effect, clear the dead cells and open the pores of the skin.

TOCOPHEROL- It is moisturizing. Our skin's protective function and

moisture binding feature increase. This is how our skin looks fuller and younger. It helps to extinguish acne and benefits inflammation as anti-inflammatory, but the benefits do not lessen the scars or even make them more pronounced.

CHAMOMILLA RECUTITA FLOWER EXTRACT- The yellow-white flower heads of chamomile flowers contain essential oils, flavones and Cumarins. Chamomile flower extracts have a softening effect on the skin and promote its regeneration.

MELALEUCA ALTERNIFOLIA LEAF EXTRACT- Tea tree oil, which has antiviral and antibacterial properties, helps to remove bacteria and viruses from the body. It is effective in removing acne, pimples and blackheads on the skin. It accelerates the healing process of wounds on the skin.

LACTOBACILLUS ACIDOPHILUS- It is a common and popular probiotic bacteria. It has been used to improve gut health and suppress allergies.

INGREDIENTS / BİLEŞENLER:

Aqua, Allantoin, Bisabolol, Lactic Acid, Lactobacillus, Propolis Extract, Lysine, Tocopheryl Acetate, Chamomilla Recutita Flower Extract, Citric Acid, Glycerin, Phenoxyethanol, Ethylhexylglycerin, Melaleuca Alternifolia Leaf Extract, Tetrasodium EDTA.

USAGE INFORMATION:

Sufficient amount of product is sprayed on the desired area with the help of spray. After waiting for about 2 minutes, it is cleaned with a disposable tissue or rinsed with optional water. It is recommended to apply once a day. It is suitable for daily use.

Care Gel Includin
Aromatic Oil

VIAPECIA *Pro*

WHY PRO-FLEX GEL?

BROMELAIN- It inhibits proinflammatory compounds and activates compounds that degrade the fibrin matrix that inhibit tissue drainage and cause edema. Fibrin forms a matrix that insulates the area of inflammation. This results in occlusion of blood vessels and inadequate tissue drainage with accompanying edema. Bromelain blocks the inflammatory production of quinine compounds that increase swelling and pain.

GLUCOSAMINE CHONDROITIN- Glucosamine is a chemical used by the body to make tendons, ligaments, cartilage, and other chemicals that make up the fluid that surrounds joints. Glucosamine, which is naturally found in the body, can also be taken as a supplement. Taking glucosamine can increase cartilage and fluid around the joints. It is a product used as an adjunct to the treatment of osteoarthritis, muscle damage from exercise, and other inflammatory joint disorders.

HYDROLIZED COLLAGEN- Helps the formation of cartilage in connective tissues. This type of collagen is very important for joint health. It is effective in the treatment of age-related joint pain and various related symptoms. It is extremely effective in eliminating

problems for those who have skin and nail problems. Collagen makes up 55% of the total protein found in cartilage tissues. Articular cartilage tissues contain type 2 collagen, up to 90% of the total protein. It is an effective protein in supporting joint areas such as the back, neck and jaw. It is a type of protein that is necessary for a healthy life at all ages. It can be used in the elimination of rheumatic diseases. Collagen and hyaluronic acid synthesis in the skin increases thanks to orally used collagen. It is effective in the treatment of joint pains that occur in advancing ages.

HYALURANIC ACID- Its main task is to provide lubricity and to provide tissue hydration, that is, its moisture. It owes this to its ability to hold water up to a thousand times its own weight. It is known as joint fluid supplement. Hyaluronic acid is good for joint disorders, skin wrinkles, wound healing, reflux, dry eyes, cystitis and chronic fatigue. It is most commonly used for the treatment of 'osteoarthritis', which develops as a result of wear and tear on the joints.

LACTOBACILLUS ACIDOPHILUS- It plays a vital role in bone formation and repair and creates an anti-inflammatory effect.
